INSURANCE INFORMATION CONSENT

Due to the constant changes in insurance information, it is no longer an easy job to interpret each individual policy. Although we try to stay aware of the changes, it is not always possible.

IT IS YOUR RESPONSIBILITY TO KNOW YOUR INDIVIDUAL COVERAGE.

Please do not become discouraged with any misinterpreted information that your dental insurance does not cover certain procedures. ALL dental insurance policies have exclusions and stipulations. Most dental insurances have deductibles and co-payments.

When we quote a co-payment to you, please keep in mind that it is only an ESTIMATE and there is no way for our office to know exactly how much your insurance company will pay until a claim is sent to them and we receive a payment. If there is a difference between your co-payment and the amount received from the insurance company, you will receive a statement for the balance. The remaining balance is due within 30 days.

Please remember that your insurance policy is between you, your employer, and your insurance company and NOT between the insurance company and your treating dentist.

We bill your insurance company as a courtesy to you.
